June 13, 2019

President Donald J. Trump  
The White House  
1600 Pennsylvania Avenue  
Washington, DC 20500

Dear Mr. President,

On behalf of the undersigned companies below and the millions of workers we employ, we are writing regarding the ongoing trade dispute between the U.S. and China. We agree that our trading partners must abide by global trade rules, and we support the administration's efforts to address unfair trading practices, including intellectual property violations, forced technology transfer and more. We encourage the administration to negotiate a strong deal with China that addresses longstanding structural issues, improves U.S. global competitiveness and eliminates tariffs. We believe this goal can be achieved without taxing Americans.

We remain concerned about the escalation of tit-for-tat tariffs. We know firsthand that the additional tariffs will have a significant, negative and long-term impact on American businesses, farmers, families and the U.S. economy. Broadly applied tariffs are not an effective tool to change China's unfair trade practices. Tariffs are taxes paid directly by U.S. companies, including those listed below—not China. According to Trade Partnership Worldwide LLC, 25 percent tariffs on an additional \$300 billion in imports (combined with the impact of already implemented tariffs and retaliation) would result in the loss of more than 2 million U.S. jobs, add more than \$2,000 in costs for the average American family of four and reduce the value of U.S. GDP by 1.0 percent. Furthermore, we have seen repeatedly that tariff increases and uncertainty around these trade negotiations have created turmoil in the markets, threatening our historic economic growth.

Mr. President, we support your efforts to hold our trading partners accountable, level the playing field for American businesses and forge enforceable trade agreements. We urge your administration to get back to the negotiating table while working with our allies to develop global, enforceable solutions. An escalated trade war is not in the country's best interest, and both sides will lose. We are counting on you to force a positive resolution that removes the current tariffs, fosters American competitiveness, grows our economy and protects our workers and customers.

Sincerely,

CC: Ambassador Robert Lighthizer, United States Trade Representative  
Secretary Steven Mnuchin, Department of the Treasury  
Secretary Wilbur Ross, Department of Commerce  
Secretary Sonny Perdue, Department of Agriculture  
Director Larry Kudlow, National Economic Council
